

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

INTRODUCTION.¹

IN the following pages a commencement is made in printing the first two volumes of the Register of the town and parish of Ledbury, in Herefordshire, from a copy made by the late Mr. George Henry Piper, of Ledbury, well-known in his county as a distinguished antiquary and geologist, whose death on the 26th of August, 1897, at the age of 78, prevented him from carrying out the intention he had formed of passing his MS. through the press.

The former of these volumes is the original Paper Register extending generally from 1556 to 1631, and has been copied verbatim; the latter is the Transcript of the same, on parchment, made in accordance with the direction of the Convocation of Canterbury in 1597, and covers, with a small exception,² the same period as the former book, with the addition of subsequent entries carrying the contents nearly to the close of the 17th century.

In the copy now printed such variations as call for remark in the Transcript have been added in Italic letters to the contents of the paper volume. P. 1, P. 2, &c., in the margin, refer to the original paper Register, and *Fol. 1, Fol. 2, &c.*, to the parchment Transcript.

VOLUME I. This, in its present condition, consists of 214 paper folios, measuring, where perfect, 12½ ins., by 8 ins.; bound in a cover of rough brown calf, labelled "Ledbury Register, 1556 to 1631." It was apparently bound in the year 1774, as indicated by a memorandum on the fly leaf of the Transcript, and a former Vicar, the Rev. John Jackson, has written in it, "This is the original Manuscript of the Parchment copy in the large Book in this Chest. J. J."

¹This Introduction relates to the whole of the Registers between 1556 and 1687, but the volume here printed embraces only the portion between 1556 and 1576. The remainder will appear in subsequent Volumes.

²The Transcript of baptisms begins in November, 1558.

On some occasion, though long after the book was written, the pages have been numbered, and run on from 1 to 432 inclusive. It might be thought that this represents the exact number of pages in the book, but upon careful examination it appears that the fifth leaf (pages 9-10) is missing; and this hiatus is allowed for in the pagination, the *verso* of the fourth leaf being paged as 8, and the *recto* of the next surviving leaf as 11. The original entries thus lost are baptisms between Sept., 1558, and 18th March, 1558-9.

On progressing further in the volume, it becomes apparent that several folios, probably 4, are missing between pages 238 and 239, though the person responsible for the modern pagination has not noticed the loss, and has numbered his pages continuously. The entries here missing are baptisms from 24th June, 1614, to 1st Sept., 1616.

Another leaf has been torn out between pages 264 and 265, not noticed by the pager, viz: from the beginning of 1624 to the 14th October in that year.

Once more, a leaf is missing between 21st June, 1626, and the last day of April, 1627, also of baptisms. This is noticed in the modern pagination, from which pages 271-272 are absent. It is a fortunate circumstance that in each case the missing entries can be supplied from the Transcript, except it be that in the first hiatus some are still missing between Sept., 1558, and 20th Nov., 1558, at which date the Transcript, for some unaccountable reason, begins.

Thus it comes to pass that although the book is now numbered as containing 432 pages, there are in reality only 428, *i.e.* 214 leaves or folios. The condition of the leaves at the beginning and end of the volume is, as might be expected, defective, several of them being decayed at the corners and very tender, the two at the end in particular being torn, and the last of them loose.

There is no special title page, but the first leaf is headed "*Liber Regestralis Ledburie Anno Dni. mcccclvj primo die Julij*"—shewing that the book is complete at its beginning.

To turn to the contents of this volume, it may be noted that the entries are made in English, and are thus arranged:—

Baptisms begin on page 1 in July, 1566, and extend to the end of page 61¹, 8th Jan., 1576-7.

The lower quarter of pages 53 and 54 has been torn away, causing the loss of entries between 31st Jan., 1573-4, and 25th March, 1574, and between 6th June and 8th August, 1574, which, however, can be supplied from the Transcript.

Marriages begin on page 63 and extend a little more than half way down page 72, viz: from 4th July, 1556, to 19th Nov., 1576, inclusive.

Burials occur on page 73 and are continued to the end of page 98, viz: from 25th July, 1556, to 6th January, 1576-7, whereupon follows the note—"here endeth the Regyster boke of christenings

¹ This page has lost its lower half, but probably no entries are missing.

weddyngs and Burialls made in Sir hamnet malbons tyme for xx yeres."

Pages 99-100 contain various memoranda, which are printed hereafter.

Baptisms, headed "Baptizati p' Will'm Davis al's weaver vicaru' de Ledbury A° D'ni 1576 et 1577", reappear on page 101, and extend to the top of page 290 (this page being nearly blank), *i.e.* from 20th January, 1576-7, to 15th Sept., 1631, plus one entry in a different hand and ink for 20th Dec., 1640.

Marriages, entituled "Coniugati A° D'ni 1576 p' Will'm Davis al's weaver vicaru' de Ledburie," extend from page 291 to page 325, both inclusive, *i.e.* from 14th January, 1576-7, to 5th June, 1631.

It may be noticed that the space of about an inch is left on page 316, between the entry of 28th October, 1612, and the succeeding entry which is dated 23rd January, 1613. In this space is written in an old but different hand from the writing above and below it—"Heare is a great error otherwise there were non married in Ledbury betwixt the 28 of October 1612 and the 23 of January 1613 whiche was a full yeare and allmost 3 monethes."

Page 326, from which the bottom has been torn, is blank.

Burials, also headed by the name of William Davis al's weaver, recommence on page 327, and extend to the page 432, the present end of the book, *i.e.*, from 22nd January, 1576-7, to 18th May, 1624. Davis himself was buried 16th October, 1612.

From the foregoing description it would appear that, after the Transcript was made, the paper book still continued in use, the entries being recorded in both volumes.

It may further be observed that directly below the heading on page 1 is written—"Note that at the end of every yeare . . . a crosse or a hand or a longe [line]." The cross and hand subsequently appear in the margin, and the line drawn across the page, calling attention to the end of one year and the commencement of another, of course on the 25th of March.

Also in the margin are occasionally written the words Donyngton, Marcle Parva, Aylton, Pyxley, and Courte de Parke. This is explained by a memorandum on page 101. "Donington, marcle p'va, Aylton, Pyxley, et Courte de Parke sunt Capellæ annexæ Eccl'ie p'ochi de Ledburi." Sometimes the names of other places occur, and occasionally names of persons.

It is an interesting fact that the names of god-parents are given from the beginning of the baptisms to the end of Malbon's incumbency in 1576.

At the end of page 61, which has lost its lower half, we read, "m^d that at St. Lukes tyde last past, hamnet malbon vicar of ledbury died vizet 1576."

VOLUME II. This is a fine volume, of parchment, bound in rough brown calf, with clasps and corner pieces of brass, the leaves measuring $22\frac{1}{2}$ ins. by $13\frac{1}{2}$ ins.

It is made up as follows:—

1. A blank flyleaf, on the *verso* of which is pasted a printed advertisement of "BOOKS in ALL LANGUAGES, SOLD BY CHARLES PUGH, in HEREFORD," &c., with the words added in writing "by whom this Register-Book was new bound 1774."

2. A second flyleaf, blank on the *recto*, with the following inscription on its second page.

"Ledbury in the countie off Hereff'."

[In margin]

"The canon englished for the kepeinge of reiester bookes in churches of christnings weddings and burials made 39 Elizab: 25^o octobris 1597."

[In the text.]

"~~Because~~ wee wolde have reiesters to be faithfully kepte in Churches, the necessary vse thereof soe requiringe.

Made xxv^o die Octobris Anno D'ni 1597,
Anno R. Re' Elizabethe, &c., xxxix^o."

[In the margin.]

"Copied out of the same canon by me

RICHARD HALL."

About nine inches of the lower part of this leaf, probably all blank, have been cut away.

3. The Register proper, consisting of 120 leaves, each leaf (except the first) numbered consecutively as fol. 2, fol. 3, &c. up to and including fol. 10, by the first writer, Richard Hall, and subsequently by others. The first leaf is thus headed:

"Christenings
in Ledbury."

"Anno D'ni 1599.

This is the true Reister booke of the Parische of Ledbury in the Countie of Heref, of all burialls weddings and Christninges there synce the Firste day and yeare of the Raigne of our Sou'aigne Lady Elizabethe, by the grace of God of England Fraunce and Ireland Queene defendo^r of the Faithe &c. truly Coppied fourthe by me Richard Hall of Ledbury aforesaid (John Hall tanner and William Turnor of Wellington then beinge Church-Wardens) and afterwarde very Carefully and dilligently examined by William Davis Clerke nowe vicar there, by me the said Richard Hall the writer hereof together withe the foresaid Churchwardens vpon the [blank] in the one and Fortithe yeare of the Raigne of our said Sou'aigne La: the Queenes maiestie that nowe is accordinge to the tenor of the fore resited Canon made the xxvth day of October Anno D'ni 1597 et Anno R. Re' Eliz' &c. the nyne and thirtithe as by the said Canon more at large it may appeere.

RICHARD HALL."

1558. "Johane watts the daughter of Richard watts was christened the xxth day of November."

A modern hand has added a note to this, the first entry on this leaf:—"The original Register began Two years Earlier, viz. July, 1556." This is correct, as the old paper Register contains 77 entries of baptisms preceding that of Johane Watts. It should be noted however, that the Transcript does not give the names of the God-parents.

The baptisms in this volume occupy 62 folios, and extend to 17th March, 1686-7. These leaves are in good condition, except that the forty-first has been cut across, but not otherwise damaged.

On the back of leaf 45 but few entries have been made, and those irregularly placed, the dates ranging from 1644 to 1650. The next leaf commences with 6th July, 1645. Registration of births formally commences in 1653, though some few earlier births appear. Part of the *recto* of folio 48 is blank, and on the back begins "A True Reister of all such Birthes as haue hap'ned to be

in the Towne and Parish of Ledbury in the county of Hereford since the 29th of September One Thousand Six Hundred Fieftie and Three as followeth."

Births again give way to Baptisms on 18th March, 1658, but the entries at this time are evidently defective, and part of the *recto* of fol. 52 is left blank.

On folio 63 commence the Burials, headed "Burialls. A true reister of the burialls in Ledbury synce the yeare of our Lorde god 1556 vntill the vjth day of January 1576 written by me Richard Hall." They extend from 25th July, 1556, to 18th March, 1685-6, and occupy 42 folios.¹

A second heading occurs on folio 95. "A True and p'fect Register of such Buryalls as haue hapened To be in the Towne and parish of Ledburie according To the late acte of parliament."

Marriages are begun to be entered on folio 105, and are entitled "Ledbury 1556 weddings. A true reister of all the weddings there synce the tyme aforesaide faithfully Copied and written." They extend from 4th July, 1556, to 28th March, 1687, occupying 16 leaves, the *verso* of the last being blank.² Most of the front of leaf 116 is unoccupied, the last marriage there recorded being on 29th Sept., 1653. They commence again on the back of the leaf, 18th April, 1654, under this heading:

"A True Reister of all such marriages as haue hapened to be in The Towne and Parish of Ledbury since the twenty-nineth of Sept'er One Thowsand Six Hundred Fieftie and Three the parties subscrib' haueing made due proufe of theyr lawfull publication were married by Frances Hall Esq^r of y^r Towne of Ledbury aforesayd, one of the Justices of the peace for this allotment and county of Hereford."

As the Title on fol. 1 has informed us, the writer of the Transcript from the paper Register was Richard Hall. His labours, however, only continued till the close of the year 1576, the date of the commencement of the incumbency of William Davies alias Weaver, when he laid down his pen, and it was taken up by the Vicar, who transcribed the subsequent entries, which he had himself already made in the paper Register. This is shown to be the case by the following memorandum which occurs among the baptisms at the end of 1576. "This heare after followinge was written by me William Davies al's wever vicar of Ledbury." The handwriting also changes at the beginning of 1577 in the baptisms, burials, and marriages, and to Davies must be ascribed the credit of completing the laborious task directed by the Canon. It may be noted also that Pages 1 to 47, 125 to 159, and 209 to 223 are signed by incumbent and churchwardens, as set forth in the title of the volume.

¹ The first two leaves of burials have a fresh pagination as fol. 1, fol. 2, but it was not continued further.

² The first six leaves of marriages have a fresh pagination.

On the occasion of a visit which I was privileged to pay the late Mr. Piper in July, 1897, he expressed the wish that, in case of his decease before the MS. was printed, it should be placed in my hands with this object in view, as its pages contained the names of many of my progenitors. Upon his death, which unexpectedly occurred soon after, the MS. was consigned to my care, and is now issued by the Parish Register Society.

Mr. Piper had done his work so methodically and completely, that it only remained for me to write the preface, and examine the volumes for that purpose, to insert the numbering of pages and folios for facility of reference, and to verify a certain portion of the MS. which he had not finally revised.

Many thanks are due to the Rev. Charles Edward Maddison Green, M.A., Rector of Ledbury¹, for the courteous manner in which he has allowed me to have access to the Register, and the town of Ledbury may now be congratulated in possessing in a readable form this chronicle of the lives of its parishioners of old.
